

World Ophthalmic Education Colloquium (WOEC) Sessions at WOC2014

As part of the fourth World Ophthalmic Education Colloquium (WOEC) the ICO Education Coordination Committee will present symposia and workshops at the 2014 World Ophthalmology Congress (WOC), designed to attract attendees of different interests and spotlighting various aspects of ophthalmic education.

The WOEC is open to all members of the ophthalmic community with the goal of helping ophthalmic educators and others enhance the training and continuing education of ophthalmologists and other eye care personnel. It builds on the success of the Colloquia in Hong Kong (2008), Berlin (2010), and Abu Dhabi (2012).

Colloquium Coordinators: Benedictus G. K. Ajayi, MD (Nigeria), Marko Hawlina, MD (Slovenia), Gabriela Palis, MD (Argentina), Yoshikazi Shimomura, MD (Japan)

All sessions will be held in the Tokyo International Forum, Room G502. The Luncheon on April 4th is available on an invitation only basis. It will be held in a different location.
